- Retirement
- Plan
- Investments
- Match
- Advisor
- Compounding Interest
- Accumulation
- Target Date Fund

For more information on any of the terms listed in this puzzle or for information on your retirement plan, please contact your plan advisor.

The target date is the approximate date when investors plan on withdrawing their money. Generally, the asset allocation of each fund will change on an annual basis with the asset allocation becoming more conservative as the fund nears target retirement date. The principal value of the funds is not guaranteed at any time including at and after the target date.
